# PICA Awards

I am thrilled to stand before you as the Chairman of the Board of the Printing Industry of the Carolinas, as we gather to celebrate the 57th Annual PICA Awards. This event is the premier celebration of regional print that recognizes the outstanding work of our industry leaders. It is a momentous occasion that brings together the best and brightest minds in the printing industry.

As we gather here tonight, I cannot help but reflect on the challenges that many of us have faced in our businesses and personal lives over the past few years. The COVID-19 pandemic has brought about unprecedented disruptions to our lives, and it has tested our resilience as an industry. However, I am proud to say that PICA and its membership have always offered resources to make those challenges a little more bearable.

We have come together to support each other, sharing our experiences, ideas, and best practices, and it is through this collaboration that we have weathered the storm. I would like to thank each and every one of you for your unwavering commitment to our industry, and for your continued engagement with PICA.

The PICA Awards are a testament to the talent and creativity that exists within our industry. The winners are selected by a group of industry leaders who evaluate the entries based on quality, integration, and effective use of print. I am always impressed by the caliber of work that is submitted, and I know that this year's entries will not disappoint.

In conclusion, I would like to extend my heartfelt thanks to all of you for your participation in this year's PICA Awards. Your commitment to our industry is truly commendable, and it is an honor to serve as your Chairman. Let us continue to work together to promote excellence in the printing industry and to support each other through these challenging times.

Thank you once again for being here tonight, and I wish you all a memorable and enjoyable evening.

Let tonight be a reminder that Print Is...Memorable!

Sincerely,

A handwritten signature in black ink, appearing to read "John Cassidy", with a stylized flourish extending from the end.

# OUR STORY

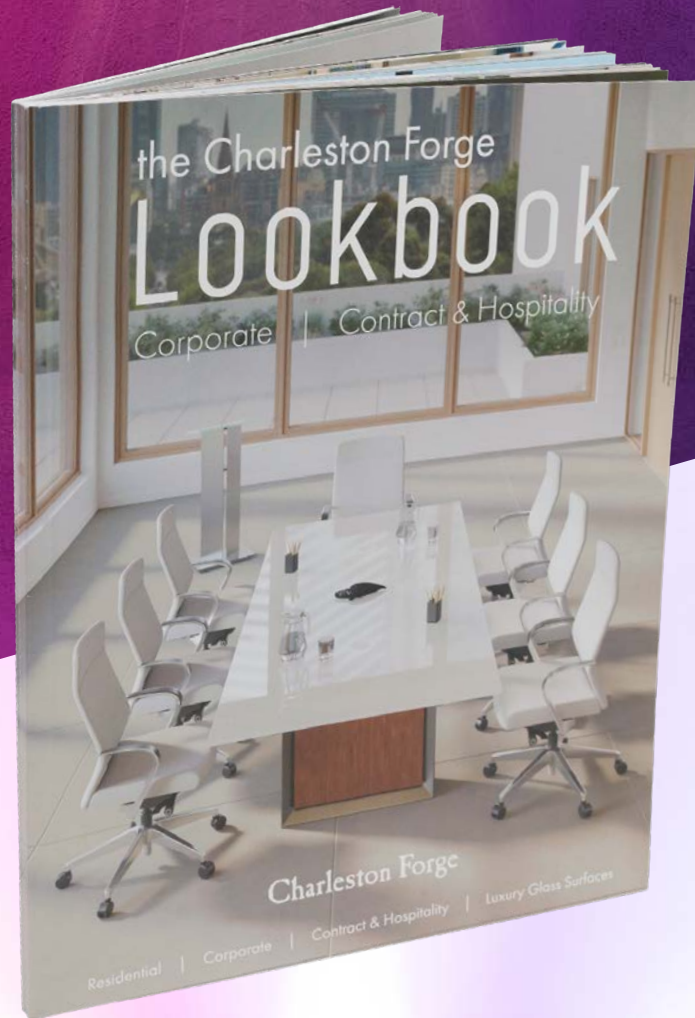

## Our Story

To celebrate and recognize the USA Olympic team, we had the opportunity to deck out The Washington Hilton Hotel for Team USA Week. The challenge was we couldn't start installing until Midnight and had to be done and out of there by 7am, not a very large window of time for such a huge job and in the middle of night at that. We had around 20 columns, 10 walls, a couple huge floor decals and some other miscellaneous things. We produced everything in our NC facility and had a guy drive everything up to our Maryland facility a day before. Our NC crew flew to DC that night to meet up with a couple of our Maryland guys. When we arrived to the hotel, we had to wait outside on the street because Secret Service had the place surrounded. A gala was going on that the President was speaking for and that was why we couldn't start til late. They finally let us in, the place was a mad house. We managed to find an empty ball room to stage everything and make a game plan of attack. Once we got started, our team really kicked it in to gear and knocked everything out by 6:30am, a hour ahead of schedule. Our NC team caught a Uber back to the airport, got a sooner flight and made it back to NC the same morning. Definitely one of those jobs you'll never forget.
